ABOUT COMPANY

RaykanCo is an international trading company focused on delivering reliable, transparent, and efficient supply solutions to industrial markets worldwide.

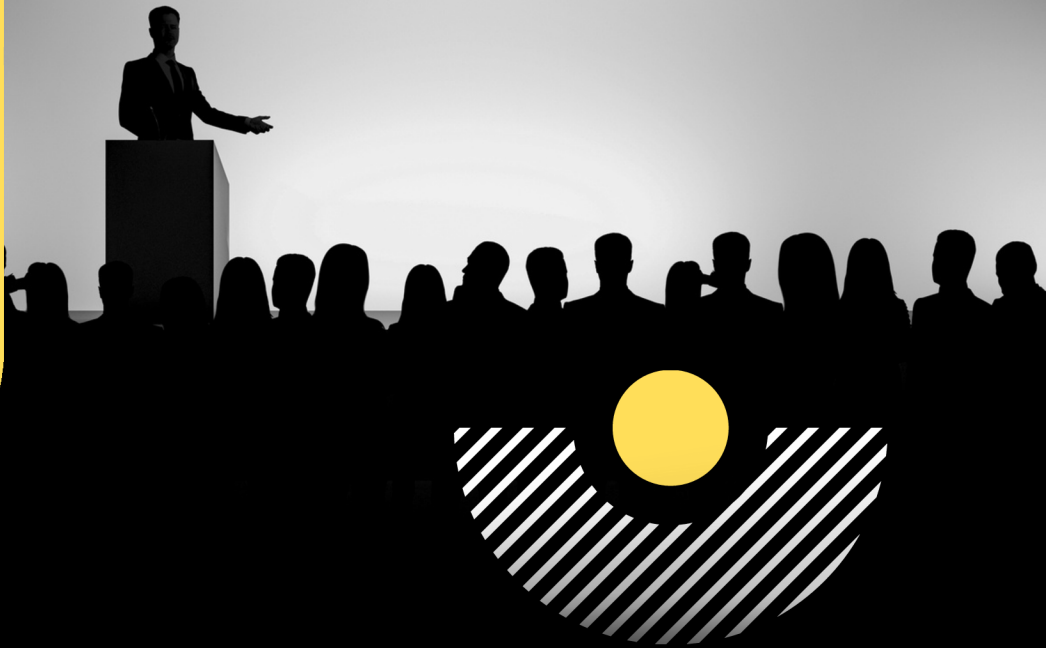

Established in 2019, Raykan was founded with the objective of simplifying cross-border trade and building long-term partnerships based on trust, performance, and market expertise. The company operates across multiple sectors, providing sourcing, distribution, and export services for strategic industrial products.

With a strong presence in regional and international markets, Raykan combines deep industry knowledge with a responsive and hands-on operational approach. Each transaction is managed with precision — from supplier selection and quality control to logistics coordination and final delivery.

Driven by integrity and a commitment to excellence, Raykan positions itself as more than a trading company. We act as a strategic partner, helping clients navigate complex markets, optimize supply chains, and achieve sustainable growth in an evolving global economy.

Raykan International Trading Co. Ltd.

CEO MESSAGE

At Raykan, we believe that successful global trade is built on trust, clarity, and long-term commitment.

From the very beginning, our focus has been to create a company that partners with its clients — not just as a supplier, but as a reliable extension of their business. In today's complex and rapidly changing markets, consistency, transparency, and execution matter more than ever.

Our team works with a clear sense of responsibility at every stage of the trading process, ensuring that each transaction is handled with precision, integrity, and respect for our partners' expectations. We continuously invest in relationships, market knowledge, and operational excellence to deliver sustainable value.

As we move forward, Raykan remains committed to strengthening its global network, adapting to market dynamics, and supporting our partners with dependable solutions that drive long-term growth.

Chief Executive Officer

Raykan International Trading Co. Ltd.

VISION & MISSION

Vision

To become a globally recognized trade partner that transforms complex supply chains into strategic advantages for industries worldwide.

Raykan envisions a future where international trade is driven by clarity, reliability, and intelligent coordination — enabling businesses to operate across borders with confidence, efficiency, and long-term stability.

Mission

Our mission is to execute international trade with precision and accountability by managing sourcing, logistics, and market coordination through a structured and disciplined approach.

We focus on delivering measurable value by aligning suppliers and buyers, reducing operational friction, and ensuring consistency in every transaction — allowing our partners to concentrate on growth while we manage complexity.

Raykan International Trading Co. Ltd.

MILESTONE

2019 – Foundation & Domestic Operations

Raykan was established and commenced its operations within the Turkish market, building a solid operational foundation through domestic trading activities and supplier relationships.

This initial phase focused on market understanding, operational structuring, and establishing reliable internal processes.

2023 – European Market Entry & Brand Expansion

Raykan expanded its operations beyond regional borders by initiating exports to European markets, marking a key step in its international growth journey.

In parallel, the company launched AD Metal and Green Gubre as specialized sub-brands, strengthening its portfolio and enhancing focus across metals and agricultural inputs.

2025 – Global Expansion & Strategic Diversification

Raykan entered a new growth phase by pursuing broader global market expansion, targeting countries and regions previously untapped by the company.

During this phase, Raykan participated in Plast Eurasia 2025, one of the region's leading international polymer exhibitions, reinforcing its presence within the global plastics and petrochemical ecosystem. Additionally, Razi PetroTech and Raykan Plast were launched as dedicated business lines, further diversifying the company's industrial capabilities and strengthening its specialized brand structure.

OUR BRANDS

GREEN GUBRE

GREEN GUBRE operates in large-scale maritime trading of urea and fertilizers, managing end-to-end logistics and supply for international fertilizer markets.

AD METAL

AD METAL specializes in the trading of metal raw materials, including aluminum ingots and rods, zinc ingots, and copper rods, providing premium-quality products for industrial applications.

RAZI PETROTECH

RAZI PETROTECH focuses on sourcing and providing high-quality chemical raw materials, supporting industrial partners with consistent and trusted chemical solutions.

RAYKAN PLAST

RAYKAN PLAST engages in the import and distribution of plastic raw materials, semi-finished plastic products, and finished plastic items, providing comprehensive solutions for diverse market needs.

OUR SERVICES

At Raykan International Trading Co. Ltd., we provide integrated trade support services designed to simplify international operations and reduce complexity across global supply chains.

Beyond sourcing and trading, our services cover logistics coordination, supply chain management, and delivery structure optimization — enabling our partners to operate efficiently while minimizing operational and commercial risk.

Our capabilities include international freight coordination across multiple transport modes, customs clearance management, route and cost optimization, cargo insurance solutions, and expert consultation on Incoterms® and delivery terms.

Leveraging Turkey's strategic geographic position, we also offer warehousing and depot services, including secure storage, inventory management, shipment consolidation, cross-docking, and value-added services such as labeling, repackaging, and quality control preparation.

Through a structured and reliable service framework, Raykan supports its partners with end-to-end execution — allowing them to focus on growth while we manage complexity.

Raykan International Trading Co. Ltd.

WHY CHOOSE US

Strategic Trade Expertise

We operate with a deep understanding of international trade dynamics, enabling us to anticipate challenges, manage complexity, and deliver solutions that align with real market conditions.

Structured & Disciplined Execution

Every transaction is handled through a structured process — from supplier alignment and documentation to logistics coordination — ensuring accuracy, consistency, and accountability at every stage.

Specialized Brand Ecosystem

Through dedicated sub-brands, Raykan offers focused expertise across multiple industrial sectors, allowing clients to benefit from specialization without losing the strength of an integrated trading group.

Risk-Aware Operations

We proactively manage commercial, logistical, and regulatory risks by applying clear frameworks, precise planning, and informed decision-making across borders.

Long-Term Partnership Mindset

Our approach goes beyond single transactions. We prioritize sustainable cooperation, transparency, and continuity — building partnerships designed to perform over time, not just close deals.

Raykan International Trading Co. Ltd.
